

Installer home visit checklist

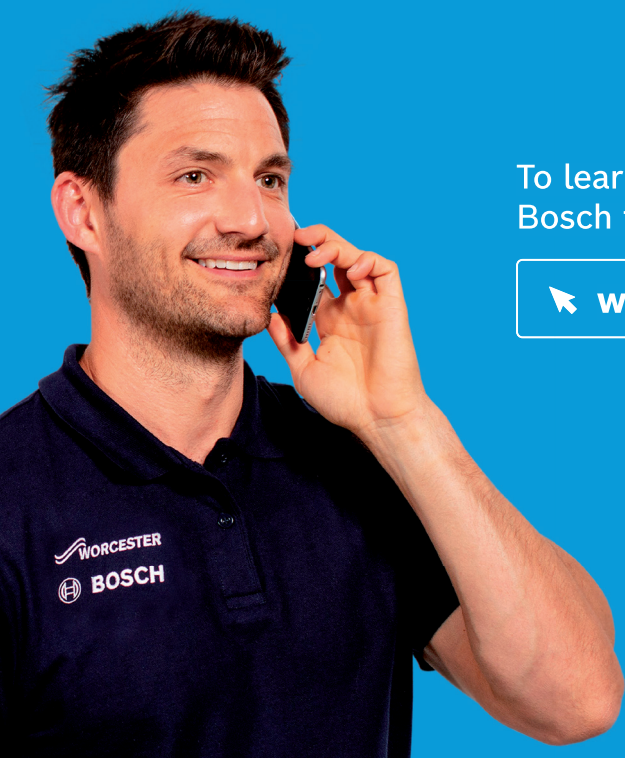

Whilst we are working in your home we will be following strict safety measures that include:

- ✓ Maintaining a safe 2m distance from others.
- ✓ Holding discussions outdoors or over the phone when possible.
- ✓ Ventilating work areas as much as possible.
- ✓ Time working closely with another installer will be kept to a minimum.
- ✓ Washing hands frequently for at least 20 seconds with hot water and soap or hand sanitiser gel.
- ✓ Cleaning objects and surfaces touched regularly and before leaving.
- ✓ Wearing disposable gloves and avoiding touching surfaces and other objects.
- ✓ Removing all waste and belongings from the work area at the end of the day or job.
- ✓ Taking and using our own towels/paper towels and refreshments.
- ✓ Arranging safe disposal of waste with you and in accordance with local by-laws.
- ✓ Wearing a suitable face covering if you ask us to do so.
